Role-Audience-Format-Topic (RAFT)

A RAFT is an acronym that identifies the role of the writer, the audience, the format, and the topic. It is based on specific objectives, in a defined format, from a particular point of view. RAFT stands for Role Audience Format Topic.

Finding Humor

Of the many things that are funny about human beings is the irony of humor. When we develop a habit, we often look for the humorous, absurd, ironic and unexpected in life. In addition to learning to laugh at ourselves when we can, we can also lose the notion of laughing when it is a total joke.
