Goal #3	Student Well-Being				
Strategic Plan Goal Area	Student Well-Being				
Strategic Plan Performance Objectives	PO-SWB-3-Key findings on the Your Voice Matters survey will show improvements in student	social, emotional, and mental Health.			
Baseline Data	On the Spring 2022 YVM Survey in the Self-Efficacy category, students scored 50% overall. The percentage breakdown per grade level was: 3rd grade (59%), 4th grade (42%), and 5th grade (46%). On the Spring 2023 SEL Survey in the Self-Efficacy category, students scored 88% overall. This attributed to a 33 percentage point increase. The breakdown per grade level was: 3rd (90%), 4th (85%), and 5th (89%). While this survey was similar to the YVM survey, it was used to monitor student's SEL during a year where the YVM was not administered to students. Even with the significant gains across all groups (all groups had at least 80% favorable responses), our Hispanic and Black student populations still lagged behind their peers by 10 percentage points or more (84% and 80% respectively) when compared to their white peers. There were no statistically significant differences between other gap group areas.	Identify if goal is required based on state or federal requirements, or other guidelines
